DPTC Inagural function

Why is it important to Participate in Sports?

1. Education without sports is incomplete.
2. Did you know that India is the Diabetic Capital of the World? Note that, Involvement in Sports is the cheapest medicine.
3. Sport inculcates values like *Truth, Discipline, Hard work, Determination and Sportsman Spirit, it place a big role in building Character.*
4. Through Sports, you can develop and eventually *master the art of planning and execution* in a practical manner.
5. Every Sport has a set of rules and every participant needs to be aware and work around those rules and accordingly communicate with one another. This increases the awareness level and confidence of the participant.
6. Sport develops *Logical, Critical Thinking and Analytical skills* in you in the most practical manner.
7. Sport is one field which builds '*Never Say Die Attitude*'. Such an attitude helps them to overcome obstacles in Life.
8. Participation in Sports inculcates *Leadership and Self-Confidence*, which in turn helps you to think independently, question without fear - but with politeness.
9. Involvement in Sports should be a way of life. Note that, a *Healthy Nation is without doubt a wealthy nation.*
10. *Mr. Barack Obama*, even at the age of 56 years plays Basketball - takes an hour off from his extremely busy schedule to *stay fit and healthy.*
11. If every school in India is able to annually organize an exclusive sports day event, we can then positively hope to transform the sporting image of India from a sleeping giant to "*Vibrant Sporting Hub of the World*".
12. Let us hope India can host the biggest and colorful sporting event - *The Olympics*
