Sporting culture in India is at risk! Support private self-funded sports academies to survive.

We are in the middle of the biggest global pandemic. The Indian economy has been hit hard, its deep impact evident across all sectors.

In the current scenario, private self-funded sports academies who do not have a corpus fund are on the verge of closure. Reasons are many:

- Unlike general education, sports are not deemed 'essential'. Worse, sports education by its very nature, cannot be imparted through online sessions.
- Since the Sports academies fall under the unorganized sector representation is very difficult.

## SPORTS INFRASTRUCTURE DEVELOPMENT AT GOVT SCHOOLS

"Build India Through Sports" project is a first-of-its-kind concept in India, where SCF voluntarily develops Basic Sports infrastructure at government schools, orphanages etc (recycled material with optimum cost) promoting International Games like Basketball, Volleyball, Shuttle Badminton and Mini Football etc.

## SPORTS PROMOTION IN LOCAL COMMUNITY AT MASAB TANK, HYD.

Build India Through Sports project promotes Sports in the local community, especially focuses on BPL children through our facility at Masab Tank, Hyderabad. This facility is developed under PPP Model project with GHMC & Government by transforming 1.35 Acre sensitive and conflicted public place into a role model Multi-Sport Complex in a stage-wise manner, trying to inject sports culture among the masses. Surrounding 20 Govt. School children are getting Free scientific coaching.

# WHAT IS SCF ADDRESSING BY BUILD INDIA THROUGH SPORTS PROJECT

## INCREASING ACCESSIBILITY:

SCF focuses on improving the accessibility of sports and games by creating very basic sports facility for the lower income and underprivileged pyramid of the population through BITS & Build India Through Sports Project. The goal is to bring sports culture & peace to the door steps of this targeted group.

## IMPROVING OUTCOMES:

SCF's aim is 2 fold

- 1) Improve the quality of sportsmen participation in the country.
- 2) Reduce the medical burden of lifestyle diseases on self and government.

## REMOVING THE BARRIER OF AFFORDABILITY:

SCF aims to tap into funds such as CSR, grants, partnerships to reduce the overall cost to the disadvantaged pyramid. The aim is to build sports & infrastructure that is almost free.

## BUILD VALUES AND IMPROVE QUALITY OF TIME:

An active sports life improves the quality or outcomes of other activities such as studies or workplace. Sports builds values such as team spirit, perseverance respect and Work culture.

- **Education without sports is incomplete.**
- Sport and physical education is fundamental to the early development of children.
- Did you know that India is the Diabetic Capital of the World? Note that, Involvement in Sports is the cheapest medicine.
- Sport inculcates values like **Truth, Discipline, Work Culture, Determination and Sportsman Spirit, it will play a big role in building Character.**
- Every Sport has a set of rules and every participant needs to be aware and work around those rules and accordingly communicate with one another. This increases the awareness level and confidence of the participant.
- Sport develops **Logical, Critical Thinking and Analytical skills** in you in the most practical manner.
- Sport is one field which builds '**Never Say Die Attitude**'. Such an attitude helps them to overcome obstacles in Life.
- Participation in Sports inculcates **Leadership and Self-Confidence**, which in turn helps you to think independently, question without fear - but with politeness.
- Involvement in Sports should be a way of life. Note that, a Healthy Nation **is without doubt a wealthy nation**.
- If every school in India is able to annually organize an exclusive sports day event, we can then positively hope to transform the sporting image of India from a sleeping giant to **“Vibrant Sporting Hub of the World”**.
- Let us hope India can host the biggest and colorful sporting event - **The Olympics**.

### Govt. Shortlists 10 Key areas of CSR

New Delhi: The government has identified 10 major areas including education, gender equality, environment, national heritage and the Prime minister Relief fund where India Inc can spend to claim credit for the mandatory 2% Corporate Social Responsibility (CSR) expenditure.

Under the new Companies Act, mid and large companies have to spend 2% of their three year annual average net profit on CSR activities. The government expects a significant step up in spending on CSR projects by companies.

The activities which can be included by companies in their CSR policies include: eradicating hunger, poverty, malnutrition and promoting preventive healthcare, promoting sanitation and availability of safe drinking water, promoting education, promoting gender equality, ensuring environmental sustainability, protection of national heritage.

Those spending for the benefit of armed forces veterans, war widows and their depend

The activities which can be included by companies in their CSR policies include: eradicating hunger, poverty, malnutrition and promoting preventive healthcare, promoting sanitation and availability of safe drinking water, promoting education, promoting gender equality, ensuring environmental sustainability, protection of national heritage.

ents would be eligible to cover the expenses under CSR spending rules. Under gender equality activities related to empowering women, setting up homes and hostels for women and orphans, setting up old age homes, day care centres and similar facilities for senior citizens and projects on reducing inequalities faced by socially and economically

backward groups have been included.

Spending on training to promote rural and nationally recognised para olympic and olympic sports would also qualify for credit under the CSR rules.

Rural development projects and contributions or funds to technology incubators located within academic institutions and approved by the government would also be approved under this category. Protection of national heritage would include art and culture including restoration of building and sites of historical importance and works of art, setting up of public libraries, promotion and development of traditional arts and handicrafts.

Officials said they expect the rules to be notified soon, may be within a few days, after the law ministry approves the list. The rules were finalised after the corporate affairs ministry examined over one lakh suggestions from various stakeholders. While the rules do not elaborate on the sub categories under rural development projects, officials said they expect several projects to be covered under the category for CSR spending.

Spending on training to promote rural and nationally recognised para olympic and olympic sports would also qualify for credit under the CSR rules.

Mr. Kammela Saibaba, teetotaler a visionary who has made a difference in the lives of many underprivileged children and children below poverty line made extraordinary contribution through his brainchild Sports Coaching Foundation (SCF), an NGO. SCF has impacted more than 1 lakh vulnerable children and youth. SCF selflessly has gone over and above to benefit and develop Indian undeserved communities. Succeeding against the odds he transformed a former dump yard into a mini stadium. SCF provides free entry into 'Col. C.K Nayudu Stadium' for disadvantaged children / youth since last 30 years. SCF has strived to give accessibility of sports. SCF is a role model which has provided day-night sports facility by

installing flood light system as well as the first electronic pitching machine in the year 1994. SCF made distinguished efforts through Build India through Sports (BITS).

SCF helped marginalized children reach their true potential with the help of sports. Children can use their vigour and passion in sports rather than getting involved in unhealthy practices. He addressed this through coaching foundation flagship project BITS. Team of sports teachers of SCF visited doorsteps of the Govt. Schools, orphanage homes to build basic Sports Infrastructure at optimum cost (with recycling material). With team commitment, SCF could attract vulnerable children and youth towards sports and games in over 300 Low-income institutions at Telangana, Andhra Pradesh, Maharashtra States in India. Sports have transformative power. Many criminal background children were transformed through Sports. India is diabetic capital of world and sports is wonderful tool to transform health of society.

Sports Coaching Foundation for its outstanding social work won many International & National awards including an award for "Best sports NGO in India" from President of India in the year 2015 is an inspiration to others. SCF has made immeasurable impact since 30 years and will continue to do so.
