SPORTS CULTURE IS A STRONG NECESSITY IN INDIA

EDUCATION IS INCOMPLETE WITHOUT SPORTS

REASONS WHY YOU SHOULD SMILE MORE

"SMILE" IS ONE OF THE MOST SIMPLE, INEXPENSIVE AND WONDERFUL THINGS IN THE WORLD!

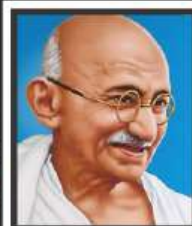

Sports Coaching Foundation (an NGO), Hyderabad teaches beyond sports (We are teaching the Gandhian Values, Hundreds of Govt. schools where we visited, the Above boards are visible.)

ELECTRONIC PITCHING MACHINE IN ACTION.

WHY IT IS IMPORTANT TO PARTICIPATE IN SPORTS?

- **Education without sports is incomplete.**
- Sport and physical education is fundamental to the early development of children.
- Did you know that India is the Diabetic Capital of the World? Note that, Involvement in Sports is the cheapest medicine.
- Sport inculcates values like **Truth, Discipline, Work Culture, Determination and Sportsman Spirit**, it will play a big role in building Character.
- Every Sport has a set of rules and every participant needs to be aware and work around those rules and accordingly communicate with one another. This increases the awareness level and confidence of the participant.
- Sport develops **Logical, Critical Thinking and Analytical skills** in you in the most practical manner.
- Sport is one field which builds **'Never Say Die Attitude'**. Such an attitude helps them to overcome obstacles in Life.
- Participation in Sports inculcates **Leadership and Self-Confidence**, which in turn helps you to think independently, question without fear - but with politeness.
- Involvement in Sports should be a way of life. Note that, a **Healthy Nation is without doubt a wealthy nation.**
- If every school in India is able to annually organize an exclusive sports day event, we can then positively hope to transform the sporting image of India from a sleeping giant to **"Vibrant Sporting Hub of the World"**.
- Let us hope India can host the biggest and colorful sporting event - **The Olympics**.

WHY GANDHI JI IS CALLED MAHATMA?

M.K. Gandhi: Most Popular Indian on this planet. Majority of Country Heads admire his Philosophy.

There is not a single country in the whole world where The name of Mahatma Gandhi is not known. Do you know why? Gandhi ji became so Famous Because of his

Honesty, Sincerity, Simplicity, Straightforwardness Work Culture & Forgiveness

Gandhiji was an NRI Barrister, Who practiced law for 20 years of his life in Durban, South Africa. Seeing the suffering of Indians abroad and also in India, he left his lucrative earnings in South Africa and returned to India and made up his mind to fight for the freedom of India.

Gandhiji dedicated his entire life to the service of humanity and had taught the importance of Truth, Non-violence and simplicity. For this reason, the term 'Mahatma' was coined before His name and in India he is respectfully called the 'Father of the Nation'. The most befitting Tribute that we Indians can pay him is to follow the path he had shown us.

WHAT IS SCF ADDRESSING BY BUILD INDIA THROUGH SPORTS PROJECT

INCREASING ACCESSIBILITY:

SCF focuses on improving the accessibility of sports and games by creating very basic sports facility for the lower income and underprivileged pyramid of the population through BITS & Build India Through Sports Project. The goal is to bring sports culture & peace to the door steps of this targeted group.

IMPROVING OUTCOMES:

SCF's aim is 2 fold

- 1) Improve the quality of sportsmen participation in the country.
- 2) Reduce the medical burden of lifestyle diseases on self and government.

REMOVING THE BARRIER OF AFFORDABILITY:

SCF aims to tap into funds such as CSR, grants, partnerships to reduce the overall cost to the disadvantaged pyramid. The aim is to build sports & infrastructure that is almost free.

BUILD VALUES AND IMPROVE QUALITY OF TIME:

An active sports life improves the quality or outcomes of other activities such as studies or workplace. Sports builds values such as team spirit, perseverance respect and Work culture.

HOW BUILD INDIA THROUGH SPORTS (BITS) OPERATES

SCF is a Non-profit sports NGO (established in 1991), working to promote Sports Culture among the underprivileged children & youth in the society. Active Involvement in sports can no longer be considered a pastime or just as recreation. As you might be aware, “UNITED NATIONS (UN)” itself passed a resolution that sports should be introduced by every country of the world and pursued at every level of the society for social change. Also, you might appreciate the fact that ‘Sports is the Cheapest Medicine for Good Health’. Considering these aspects, it is unfortunate that India is presently the Diabetic Capital of the World. Hence, Sports Culture is a strong necessity in India. That is the reason the foundation started 30 years ago working at most vulnerable places like a Govt. Schools, Orphanage Homes, etc. promoting sports culture by creating basic sports infrastructure with optimum cost organizing sports workshop and multi sports competitions round the year in coordination with physical directors and head masters.

All hail CSR for sports

OUR BUREAU
Bureaucrats ranging from the retired to those in service called for a concerted effort to ensure that the social responsibility clause in the Companies Act-2013 would be implemented in letter and spirit. The key-note address during a seminar on 'CSR and Indian Sports', under the auspices of Sports Coaching Foundation (SCF), was delivered in the city late Monday by distinguished former bureaucrat K Rajamani, who can be credited with pioneering the CSR concept during his stint in the Prime Minister's Office (PMO). He said that if implemented in right earnest this would go a long way in addressing the basic needs, including in core segments like poverty alleviation, environment protection and bio-diversity, health and promotion of sports. The gathering attracted the cream of officials, including from banks, academics, police and industry captains. Former bureaucrats V K Srinivasan, Gopala Krishna and Dr. Chinappa Reddy, incumbent officers, Jayesh Ranjan, Rahul Boja and S Chakravarthy, former IPS Officer, M A Hashi, current officers Rajeev Trivedi and Soumya Mishra and senior IRS officers Praneeth Sachdev and P N Rao also spoke. Dr. Raja Ram, Director, NIFT, Dr. Sastry, Professor at DREBT, Girish Malpani from Big Bazaar Group, Ashish Bhandari from JP Morgan Chase and former Indian football captain, Victor Amalraj, were also present on the occasion. They lauded the painstaking efforts being taken by K. Saibaba, founder-secretary of SCF, for taking forward the concept of promoting sports in the interiors and among the economically backward section as a social service free of any monetary return. In his speech, Saibaba hoped that Corporate Social Responsibility (CSR) would help to reach out to the poorer strata where a rich sports talents was waiting to get tapped and promoted.

Call to promote sports in schools

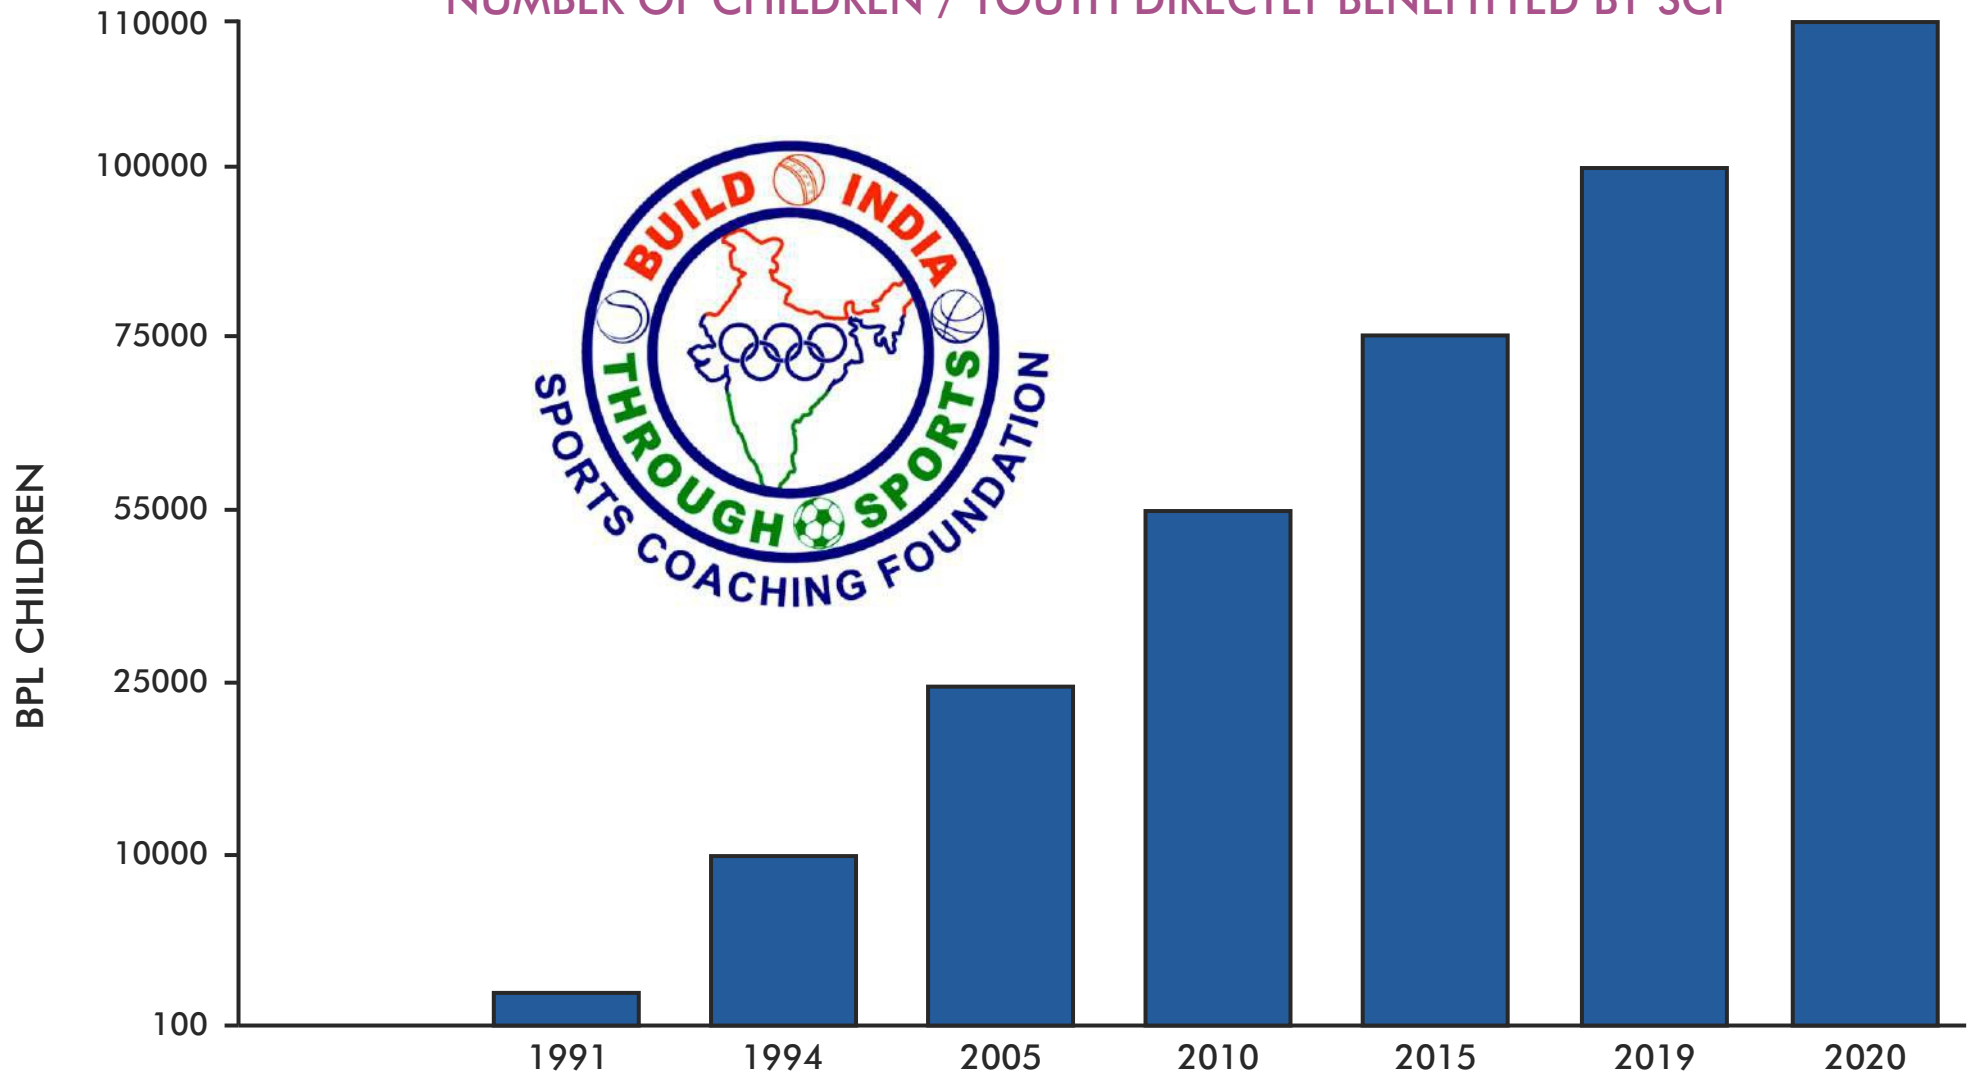

OUR BUREAU
A passionate plea was made by almost every speaker late Friday night for incorporating sports as an integral part of the school curriculum across the State syllabus. The speakers ranged from bureaucrats, administrators in sports, who gathered for a seminar on the Present sports scenario in India, at a city hotel. The seminar commemorating the National Sports Day was organized by the Masab Tank-based Sports Coaching Foundation under the stewardship of its founder-secretary and former Rajji cricketer, K Saibaba. Dr. Chinappa Reddy, former sports adviser to the State Government, retired bureaucrat G P Rao and Gopala Krishna, former cricketer, Nagesh Kumar (Odisha) and Dr. Ashish Hali, and hockey Olympian, N Mahesh Kumar, endorsed the authorities to take every step to cultivate a vibrant sports culture in every village, most notably at the school level. Captain Manohar Sharma, former General Manager of State Bank of India, and Kenyan national, Prashant, shared their experiences on the occasion. Each of them hoped that sports would be promoted at the grassroots levels so that lakhs of talented youngsters from economically backward areas, who were till now denied opportunities because of the prevailing compulsions, would get avenues to exhibit their skills and perhaps make the higher grade. Later, K Saibaba, proposed a vote of thanks.

THE SAYING "SPORTS IS THE CHEAPEST MEDICINE" SHOULD NOT JUST BE A SAYING

Sports Culture among the masses is relevant to achieve a Healthy India, even though the Govt. introduced Sports Culture Mission in India still under CSR spending in the year 2013 there has been no development towards the same as even after 7 years, majority of the Corporates in India still do not recognise Sports as a priority subject at the youth level, which is clearly evident from the fact that sports spends towards Sports development, which does not attract much of the CSR spend of the MNCs (Sustainable Development Goals), Sports will play a major role to develop the nation and to achieve the Wonderful Health and Sports Culture, we request more and more partnerships with Sports NGO's who are already engaged in the sports activities. NCCI like Sports Coaching Foundation, Hyderabad which is pioneering sports coaching at the bottom of the pyramid with very optimum cost since 30 years, we are connected with many NGOs like National Sports Orphanage Homes across our Country, every work is a Model Story which is well documented for the benefit.

We strongly support the New Education Policy which will help children especially at Primary School level. Gradually it will improve and enhance the holistic growth of the child. Please visit our New Upgraded Website: www.scfindia.org

Govt. Shortlists 10 Key areas of CSR

New Delhi: The government has identified 10 major areas including education, gender equality, environment, national heritage and the Prime minister Relief fund where India Inc can spend to claim credit for the mandatory 2% Corporate Social Responsibility (CSR) expenditure.

Under the new Companies Act, mid and large companies have to spend 2% of their three year annual average net profit on CSR activities. The government expects a significant step up in spending on CSR projects by companies.

The activities which can be included by companies in their CSR policies include: eradicating hunger, poverty, malnutrition and promoting preventive healthcare, promoting sanitation and availability of safe drinking water, promoting education, promoting gender equality, ensuring environmental sustainability, protection of national heritage.

Those spending for the benefit of armed forces veterans, war widows and their depend

The activities which can be included by companies in their CSR policies include: eradicating hunger, poverty, malnutrition and promoting preventive healthcare, promoting sanitation and availability of safe drinking water, promoting education, promoting gender equality, ensuring environmental sustainability, protection of national heritage.

ents would be eligible to cover the expenses under CSR spending rules. Under gender equality activities related to empowering women, setting up homes and hostels for women and orphans, setting up old age homes, day care centres and similar facilities for senior citizens and projects on reducing inequalities faced by socially and economically

backward groups have been included.

Spending on training to promote rural and nationally recognised para olympic and olympic sports would also qualify for credit under the CSR rules.

Rural development projects and contributions or funds to technology incubators located within academic institutions and approved by the government would also be approved under this category. Protection of national heritage would include art and culture including restoration of building and sites of historical importance and works of art, setting up of public libraries, promotion and development of traditional arts and handicrafts.

Officials said they expect the rules to be notified soon, may be within a few days, after the law ministry approves the list. The rules were finalised after the corporate affairs ministry examined over one lakh suggestions from various stakeholders. While the rules do not elaborate on the sub categories under rural development projects, officials said they expect several projects to be covered under the category for CSR spending.

Spending on training to promote rural and nationally recognised para olympic and olympic sports would also qualify for credit under the CSR rules.
