ABOUT SCF

SCF (Sports Coaching Foundation) is an NGO set up by Mr. Kammela Saibaba, a Former Ranji Trophy Cricketer. It was established in 1991 to promote **Sports Culture** within vulnerable & poor communities.

SCF's secondary aim is to use sport as an empowerment tool to uplift the youth by supplementing their training with life skills. By providing overall personality development (in **Health, Fitness & Peace**), they intend to play their part in fulfilling the Sustainable Development Goals of the United Nations. Thus, by using 'Sport as a universal tool,' SCF promotes **Build India Through Sports** project ensures **Health, Education, Women Empowerment** through Sports as a medium, because we all are aware **Sports is the Cheapest Medicine**.

Project Activities & Approach

In close coordination with the management of **Schools, Colleges and Community Centers**, SCF will take up the following activities:

- Actively **upgrade and develop basic Sports Infrastructure** for activities such as **Basketball, Volleyball, Kho-Kho, Kabaddi, Mini-Football** etc.
- Conducting regular **Sports Festivals** to inspire children and sharing success stories of global sports icons using effective audiovisual workshops.
- Generating interest in children by displaying modern sports equipment. For instance, **Digital Electronic Pitching Machine** etc.
- Helping the youth understand their health better, recording their BMI Levels and guiding them accordingly.
- Inculcating **work culture values** as reflection, discipline, and teamwork through the **timeless teachings of Gandhiji**.
- Distributing **Free Sports Coaching Manuals** that provides teachings beyond sports.

Expected Outcomes

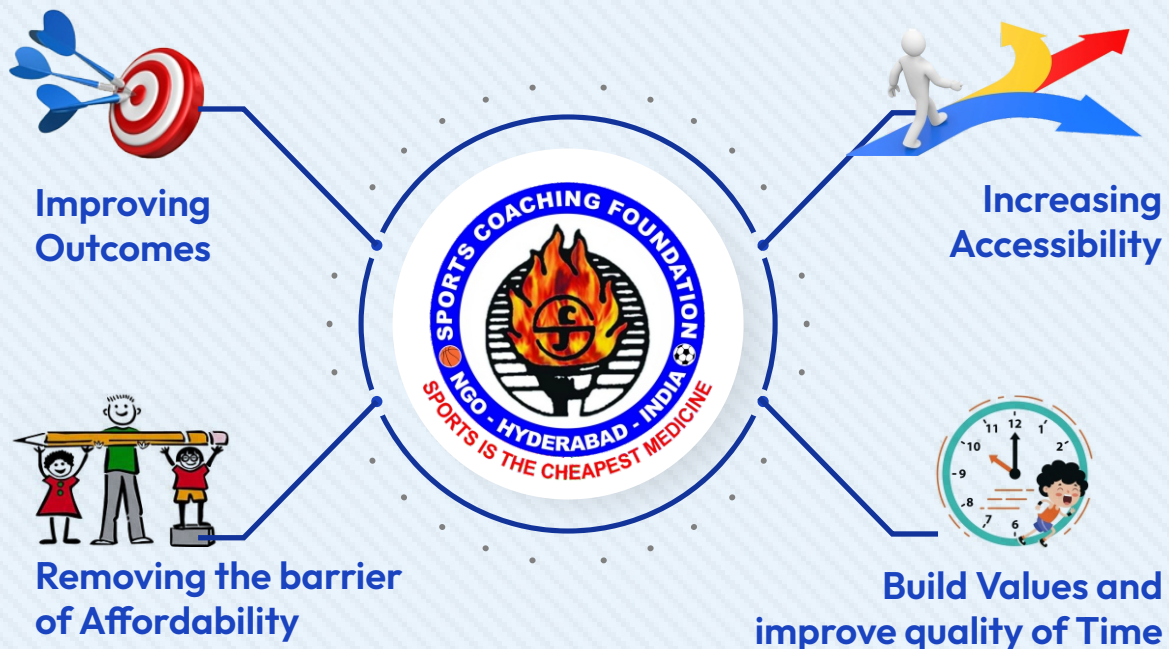

- **Increasing Accessibility:** By creating and ensuring basic sports facilities for the lower-income and underprivileged population.
- **Enhancing Development:** To achieve the dual objective of **Health / Women Empowerment / Education** - Increasing quality participation of Indian Sportsmen - Reduce the likelihood of lifestyle diseases and their consequent medical burden on government and citizens.
- **Removing the Affordability Barrier:** With funding from CSR activities, grants and partnerships to provide **Free or Low-Cost Sports Infrastructure** and reduce burden in the underprivileged society.
- **Building Values:** Help create an **Active Sports Life** and also build values such as **Team Spirit, Perseverance, Respect, and Work Culture**.
- **Awareness of Right and Wrong:** Providing overall personality development and awareness of criminality, the importance of education, etc.

Sustainability

In the last 34 years, SCF has strived to create a strong Foundation with various exemplary projects. The **Foundation** has **completed** around **380 Government Schools and Orphanage Homes** with countless inspirational stories. Additionally, our **NGO** has won various **International & National Awards** that stand testimony to our efforts.

The **Foundation** has already carried out similar **BITS** projects in various **Government Schools**, due to which many children have been attending school regularly. The school management and faculty are delighted with the responses as admission have increased by more than 10%. Further, **SCF's** efforts to **build Sporting Infrastructure** has also attracted children from nearby communities to join the school. By transforming the lives of the children in marginalized communities, the **BITS** project has been highly impactful and will continue to strive to do so.

What is SCF addressing through its Flagship Project "Build India Through Sports"

Vision

The **CORE VISION** of Sports Coaching Foundation (SCF) is to use 'Sport' as a 'Universal Tool' for empowering the underprivileged children & youth of the society with life skills for their overall **Personality Development (Health, Fitness & Peace)**. The core idea is to create a passion among them towards Sport, so that Sport can in turn touch and transform their lives in most constructive manner possible.

Build India Through Sports

SCF (Sport Coaching Foundation) is an NGO Promoting Health & Peace through the wonderful tool of Sports (Established in the year 1991 in Hyderabad, India) since 34 years, promoting Health, Peace, Well-being, Women Empowerment and Sports Culture among the vulnerable youth of the Society to change their lives to come out of poverty of the main stream, and fulfill Sustainable Development Goals of United Nation.

MAN WITH A MISSION

Mr. KAMMELA SAIBABA

BUILD INDIA THROUGH SPORTS

HYDERABAD – TELANGANA 2023-24

"Enhancing physical literacy and fostering a culture of sportsmanship: Implementing comprehensive sports interventions in government schools to cultivate well-rounded individuals through improved infrastructure, ample access to sports equipment, and diverse training opportunities."

SCF thankful to Care Hospital, Conexus Social Responsibility, and Assetz Social Responsibility, On behalf of everyone at the Sports Coaching Foundation, we wanted to express our deepest gratitude for your incredibly generous CSR partnership towards our flagship project Build India through Sports for 16 Govt Schools to transform. Your support means the world to us and will have a profound impact on our efforts to empower vulnerable children's through sports. Your commitment to social responsibility and community engagement is truly inspiring. By partnering with us, you are not only investing in the development of young athletes but also in the future of our nation. Through sports, we aim to instil values of teamwork, discipline, and leadership, fostering well-rounded individuals who will contribute positively to society. Your CSR partnership will enable us to provide essential resources, training facilities, and coaching programs to aspiring athletes from underserved communities of our society. With your help, we can break down barriers and create opportunities for these talented individuals to pursue their dreams and reach their full potential. We are deeply touched by your generosity and unwavering support. We look forward to keeping you updated on the progress of the Build India through Sports our flagship Project and hope to continue our partnership in the future.

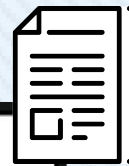

Sports Coaching Foundation an **NGO** teaching beyond sports under our flagship project **“Build India Through Sports”** affixing **flex boards** at **Govt. Schools / Orphanage Homes** which are highly informative and impactful to New India (Click for a full image).

Taking sports to schools and chasing a target which might look beyond the realms of imagination! [Click here](#)

Government School children getting a feel of some sports disciplines thanks to the initiative of the Sports Coaching Foundation (Masab Tank) in Hyderabad.
Photo Credit: Bv Arrangement

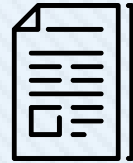

Sports Coaching Foundation, founded by former Andhra Ranji cricketer K. Sai Baba in 1991 in Masab Tank here, has embarked on a challenging journey of providing basic amenities free of cost for students of Government schools, including sports material to dabble in some of the affordable disciplines like football, basketball and kho kho, with the biggest task being levelling the playfields.

This is an initiative which any government agency should have taken up long back. And, now SCF (a registered NGO), having covered 380 schools across the State, including some in Maharashtra and Andhra Pradesh, is targeting 1,000 schools and 10 lakh school children.

“Yes, funding is a major hurdle with only Microsoft chipping in with some support. But, we are determined to reach the milestone,” says 71-year-old Sai Baba, former Osmania University and Nizam College alumnus.

“The best part is that headmasters and principals of many of these schools where we have taken up this programme are happy with the increasing attendance of students. This is on record and they acknowledge it is because of the students’ interest in sports. This is a major morale-booster for us,” he said.

Thanks to The Hans India for covering the Ground Reality of Sports Coaching Foundation, an NGO in Masab Tank, Hyderabad.

This Saibaba's miracle transforming sports enthusiasts

**K CHANDRASEKHAR
HYDERABAD**

IN a country where cricket is revered, Kammela Saibaba, a former Andhra Ranji cricketer, has dedicated his life to nurturing young talent among underprivileged children. He believes that sports is the cheapest and most effective medicine available to society, and he has spent the last three decades proving it.

Saibaba, who played for the Andhra Ranji cricket team in 1989, initially followed the traditional path of securing a corporate job like many of his

contemporaries. However, a visit to Puttaparthi changed his perspective on life and society. He recalls an incident

I went along. As I entered the Ashram, I left my slippers on the floor. A man picked them up, placed them in the rack, and greeted me with folded hands. Later, I was astonished to learn that he was the Chief Secretary of Orissa.

That moment made me rethink my purpose and my role in society." This new-found perspective led Saibaba to resign from his corporate job and establish the Sports Coaching Foundation (SCF) in 1991 at Masab Tank, Hyderabad.

This Saibaba's miracle transforming sports enthusiasts

Continued from p1

His vision was clear: to prevent street children from falling into the traps of substance abuse and to give them a constructive outlet through sports.

Over the last 32 years, he has successfully trained thousands of children, not just in cricket but in various other sports, fostering a sporting culture that was previously absent in many government schools and orphanages.

Saibaba's commitment to sports development is evident in his work. His foundation has provided sports infrastructure to 381 schools across Telangana, Andhra Pradesh, Mumbai, Nanded, and Delhi. His goal is to expand this reach to 1,000 schools, ensuring that every child, regardless of their economic background, gets the opportunity to engage in sports. "Children in government schools often have no exposure to sports. Many of them cannot even differentiate between football and basketball. We have taken

up the responsibility to change this scenario by organising camps and training programs," he explains.

A firm believer in the necessity of a strong sports culture, Saibaba emphasizes that encouraging the younger generation to take up sports is essential for India's future in global competitions like the Olympics. "If we want more Olympic medals, we need to start at the grassroots level. Sports is the cheapest medicine, and everyone should dedicate some time to physical activity," he asserts.

His contributions to social change through sports have earned him national recognition, including the prestigious President of India Award in 2015. Saibaba also cites UNESCO's declaration that sports and physical education are fundamental rights for all, reinforcing his belief in the transformative power of sports.

His journey serves as an inspiring testament to the power of sports in changing lives and communities.

Australian Consul visits Sports Coaching Foundation

**SPORTS BUREAU
Hyderabad**

Sports Coaching Foundation, founded by former Ranji cricketer K Sai Baba more than three decades ago, had a surprise visitor in Andrew Collister, Consul, Australian Consulate General (Bengaluru).

Collister, not surprisingly, a huge fan of cricket like many Australians, appreciated the "exceptional efforts" of the SCF, which is empowering the underprivileged children through sports, particularly at the grassroots level.

The Australian Consul also commended the government's support for this

K Sai Baba with Andrew Collister, Australian Consul.

unique NGO in fostering a culture of sports.

Collister distributed prizes to the young trainees at the SCF after having a close look at the coaching manual brought out by the

SCF. He appreciated the Manual for teaching beyond athletics to impart essential life skills and values. For his part, Sai Baba thanked Collister for taking time off from his busy schedule to visit the foundation.

The SCF official informed that the unique programme of SCF 'Build India Through Sports' has positively influenced about 380 government schools and orphanage homes with the SCF setting up basic sports infrastructure, including laying out playfields for volleyball, football, besides providing sports equipment.

"We look forward to continued support to the SCF efforts," he said.

In altruistic, sporting sprit

Sports Coaching Foundation is reaching out to promote sporting activity in Government schools

V. V. SUBRAHMANYAM

Sports Coaching Foundation (at Masab Tank, Hyderabad) has embarked on an innovative project 'Build India Through Sports' which aims at not only spreading awareness about sports in select Government Schools but also ensure that a sports-friendly ambience is created on the premises with the hope of a continuity for sports activity.

"We initially hold discussions with the School management involving the Physical Education Teacher which is almost like a seminar and try to explain the importance of having sporting activity on their premises which should also result in better academic results. Recreation should be part of any curriculum," feels K. Sai Baba, general secretary of the SCF which has already reached out to 50 such schools where some of the students who have never seen any sports equipment of quality are already getting a feel of what it is.

The second step, depending on the response of the schools, involves a visit by the coaching faculty armed with the basic sports equipment to give some sort of demo out on the sports arenas to lure students into sporting activity. "Mind you, this is not a commercial venture but purely funded by the NGO which is a non-profit organisation supported by crucial wings of the State government including the Greater Hyderabad Municipal Corporation since 1991," reminds Sai, a former Andhra Ranji cricketer and also Executive Committee member of the Hyderabad Cricket Association.

The project involves educating the children about the stupendous sporting achievements like five-time World women's boxing champion Mary Kom, especially among

School children being encouraged to take up sports by K. Sai Baba

the exclusive girls schools to provide the right dose of inspiration. "Yes, it is a fact that some of them don't even have a level playing field, leave alone play facilities. That is exactly why we are trying to reach out by installing make-shift basketball rings, levelling whatever play area is available. We have provided dozens of footballs and basketballs to many schools already to see that there is some activity," explains the SCF general secretary.

What is the reason for this project to take off? "From my own experience, it is the Government schools which lack the desired impetus and support. So, I thought let us start from there to cater to the lower strata of the society," he replies.

The whole project is being pursued with sheer passion within the SCF's limited financial resources and without any corpus fund for the same, he insists, adding, "We will be more than happy if there is sporting activity throughout the year; the SCF is always there to help any school in this regard."

In a way it is a concept which uses sports as a tool to

facilitate personality development and develop human values, with the help of the success stories of champions like Sania Mirza, Saina Nehwal are explained to the children. Also, school students have a platform by way of free-entry to events which the SCF conducts to showcase their skills and dream big.

Sai Baba points out that the response was really good in some schools like Sabdaria Girls High School (Mehdipatnam) which has 1200 students and the Errum Manzil Government High School. "It gives us immense pleasure that now many Government Schools are making use of the equipment we donated and also the basic infrastructure like creating volleyball, basketball, kho kho and kabaddi courts too," he says.

Interestingly, many of the Government School students too get a feel of the bowling machine of the SCF, incidentally the first organization in India to get this way back in early 90s, digital speed gun. "We hope to contribute in our own small way for the promotion of sports. This is an ongoing project," signs off the SCF official.

Sports Medicine sessions held for SCF trainees

About 200 young trainees got a feel of what fitness means during the audio-visual workshop

Hyderabad: Prominent physiotherapist Supraja conducted sports medicine sessions for the trainees of the Sports Coaching Foundation (Masab Tank) here.

About 200 young trainees got a feel of what fitness means during the audio-visual workshop.

K Sai Baba, founder-secretary of SCF and former Ranji player, appreciated the initiative of Supraja and hoped the children would benefit from the sessions during which the real objective of sports medicine in finding talent that would be most suitable for any given sport was emphasised.

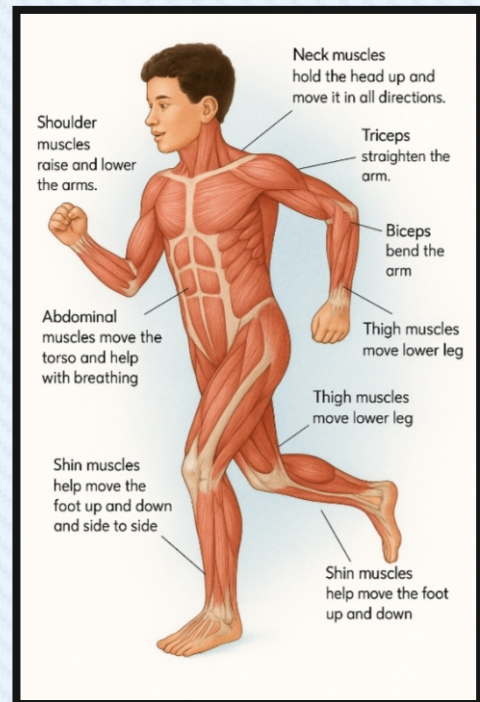

"Before understanding what a training schedule is, we will elaborate on certain principles and basic facts in sports medicine. The human body is many a time likened to a machine which burns fuel and produces heat and movement. A machine doesn't adapt to abnormal stress as the body is exposed to certain stress in a controlled way," Supraja explained.

"Poor people adapt themselves to a diet low in the requisite calorie content and their lifestyle and cannot climb a staircase without getting breathless, often falling prey to various cardio-respiratory disorders," she said. "So, essentially, sports medicine helps the athletes to enhance their performances," she added.

The SCF will continue to host similar motivational sessions for the trainees, Sai Baba said.

WHAT IS SPORTS MEDICINE?

It is a branch of Medicine that deals with the Medical problems of sportspeople. It involves the methods of selection for sports persons, their nourishment, fitness, improvement, enhancement of their performance, prevention of injuries, early diagnosis & treatment of all Medical problems. This definition relates to the athlete, the sport, sporting equipment, and diagnostic instrumentation. The real object of Sports Medicine is to find talent that is most suitable for any given sport. A sportsman should be physically fit. Psychological aspect of the Training Schedule: When we think of qualities such as strength, speed, stamina, flexibility, and coordination, we try to find out ways and means to improve them. This is achieved with the help of a training schedule. Before understanding what a training schedule is, we will elaborate on certain principles and basic facts in Sports Medicine. The human body is many a time linked to a machine. A machine burns petrol as fuel and produces heat and movement. The most important difference lies in the fact that the body adapts to a given stress if the stress is not too high or too sudden. A machine does not adapt to abnormal stress. the body is exposed to certain stress in a controlled way, and it becomes more efficient. Poor people adapt themselves to a diet low in the requisite calorie content, but still do remarkably heavy work. An executive who moves about in cars and endorses only table work with a diet high in Caloric content, gets adapted to his own life and cannot climb a staircase without getting breathless, often falling prey to various cardio-respiratory disorders.

The Hindu Dt. 26.07.2012 Thus

'I am grateful to Sai Sir'

In a symbolic gesture of her gratitude to SCF where she stayed in her formative days off-spinner Archana Das comes to city straight from England

She is back from England with her head held high. Even as India women lost the one-day series (2-3), off-spinner Archana Das was one of the creditable performers as she also claimed a four-wicket haul in one match.

And in a symbolic gesture of her gratitude to the Sports Coaching Foundation (Masab Tank) where she stayed in her formative days with her father to fine-tune the basics of the game, Archana Das instead of going to Kolkata came to the city straight from England and thank K. Sai Baba, general secretary of SCF, for all the support he extended to her when no one else knew who she was.

"I am grateful to Sai Sir and always remember him for the great support. Those were the days when we struggled even to get a pair of decent whites. Now, when I represent India, I cannot afford to forget all those played their bit in me making it to the national team," Archana Das pointed out.

FELICITATION TIME : Archana Das

"It was great fun in those days to train with the boys (not many girls were there) and this actually helped me learn the game faster and made me mentally tough," the star off-spinner pointed out.

For his part, Sai Baba remarked that SCF was known for its voluntary service over the years and that many big names practice regularly because

of the excellent facilities including bowling machine, astro-turf wicket under lights.

"I only pray and wish that Archana will have a long tenure in the Indian team and bring laurels to the country," the SCF official said.

Dr. P. Chinnappa Reddy, former Advisor to State Government (Sports), felicitated Archana at a simple function on the SCF premises.

Sports Coaching Foundation's Flagship Project, "Build India Through Sports" was implemented at the Govt School in New Moosarambagh, Hyderabad on 30-09-2024. The BITS Sports Project aims to give the most deprived children an opportunity to understand the importance of sports for their health and well-being. Around 300 young kids enjoyed the basic Multi-Sports infrastructure, developed at optimum cost by the Sports Coaching Foundation, an NGO committed to transforming vulnerable areas, especially the most backward ones.

Thanks to Microsoft for donating wooden panels, which SCF has converted into Victory Podiums, Speech Podiums, and First-Aid boxes, voluntarily providing to the Government Schools.

"SPORTS CULTURE IS A STRONG NECESSITY IN INDIA"

SCF BITS PROJECT

SCF is delighted to share another opportunity to support the Govt Primary School, Gandhinagar, Secunderabad on 02-01-2025.

SCF BITS PROJECT

Sports Coaching Foundation under its Flagship Project "Build India Through Sports" effectively organized impactful sports workshops at 3 Govt Schools on the occasion of Children's Day 2024. Approximately 1500 underprivileged children enthusiastically participated and enjoyed showcasing their natural athletic skills.

SCF BITS PROJECT

SCF's free distribution of useful Wooden Podiums to Govt Schools

Sports Coaching Foundation received yet another opportunity to support vulnerable girls studying at the Govt Residential School/College in Ramakkapet, Siddipet District, Telangana, sporting equipment was donated on April 16, 2025 to empower and encourage their athletic journey. SCF will further contribute by enhancing the existing sports infrastructure on the campus, benefiting approximately 650 girls. This includes high-impact sports workshops, installation of value-driven flex boards, provision of wooden speech and victory podiums, development of a basketball court, and organizing regular sports meets to foster holistic growth and excellence.

SCF BITS PROJECT

Sports Coaching Foundation got an opportunity to develop sporting infrastructure and created a colorful ambiance at Rural ZPHS High School, Indira Nagar, RR District, TS on 25-01-2025.

Headmaster and Physical Director seen with Mr. K. Saibaba, Founding Secretary.

SCF's Ongoing BITS Project

SCF BITS PROJECT

SCF's free distribution of Volleyball, Kho-Kho and Basketball Poles to most vulnerable Govt Schools

The Sports Coaching Foundation is voluntarily providing sports equipment as part of its ongoing initiative "Build India Through Sports". As you may know, the well-known Sports Stadium in Masab Tank was primarily constructed using scrap materials at an optimal cost. Even the sports equipment, such as Ground Roller, Volleyball, Basketball, Kho-Kho, and Tennikoit Poles, were crafted by SCF from unused scrap—a truly unique effort. Physical Directors from various Govt Schools are actively fostering sports culture in which hundreds of deprived children are benefited. In the picture dome of the PT Instructors are seen receiving sports supplies from SCF.

Australian Consul visits Sports Coaching Foundation

SPORTS BUREAU
Hyderabad

Sports Coaching Foundation, founded by former Ranji cricketer K Sai Baba more than three decades ago, had a surprise visitor in Andrew Collister, Consul, Australian Consulate General (Bengaluru).

Collister, not surprisingly, a huge fan of cricket like many Australians, appreciated the "exceptional efforts" of the SCF, which is empowering the underprivileged children through sports, particularly at the grassroots level.

The Australian Consul also commended the government's support for this

K Sai Baba with Andrew Collister, Australian Consul.

unique NGO in fostering a culture of sports.

Collister distributed prizes to the young trainees at the SCF after having a close look at the coaching manual brought out by the

SCF. He appreciated the Manual for teaching beyond athletics to impart essential life skills and values. For his part, Sai Baba thanked Collister for taking time off from his busy schedule to visit the foundation.

The SCF official informed that the unique programme of SCF 'Build India Through Sports' has positively influenced about 380 government schools and orphanage homes with the SCF setting up basic sports infrastructure, including laying out playfields for volleyball, football, besides providing sports equipment.

"We look forward to continued support to the SCF efforts," he said.

SCF FREE TOURNAMENTS

Red Hills Cricket Club and Deccan Cricket Academy clinched the Under-14 and Under-12 titles of the 29th Col. C. K. Nayudu Free Entry Day-Night Junior Cricket Tournament 2024, sponsored by NMDC Ltd and organized by the Sports Coaching Foundation, an NGO based in Masab Tank, Hyderabad.

A total of 26 teams, including Govt Schools and Academies from various regions participated in this widely recognized X junior cricket event.

SCF's mission is to offer high-quality facilities such as flood-lit ground and Astro turf pitches, to underprivileged children to show their talent.

The event was graced by Mr. Jay Prakash, General Manager of NMDC Ltd, Mr. Srinivas, Treasurer of the Hyderabad Cricket Association, and Mr. P.T. Raju, a philanthropist. While speaking on the occasion, Mr. Srinivas expressed his delight and commended Mr. K. Saibaba, Founding Secretary of the Sports Coaching Foundation, for organizing this free-entry cricket tournament for 29 consecutive years, particularly benefiting marginalized children.

In his address, Mr. K. Saibaba extended his gratitude to the HCA officials and other distinguished guests for their continued support.

D.O. No. 13-1/2022-IS.4

Dated: 21st August, 2023

Dear Madam/Sir,

As you are aware that National Education Policy, 2020 (NEP, 2020) lays special emphasis on sports. Sports, which was considered just an extra-curricular activity earlier, is now being treated as part of the curriculum and grading in sports will be counted in the education of the children. By eliminating the rigid separation between curricular and extra-curricular activities, the NEP-2020 acknowledges sports to be equally important as any other subject. National Curriculum Framework is in the process to include sports and its various aspects into the school curriculum.

2. Under centrally sponsored scheme Samagra Shiksha, Sports and Physical Education component has been introduced for encouragement of Sports, Physical activities, Yoga, Co-curricular activities etc. A provision has been made for Government schools for grant for sports equipment at the rate of Rs. 5000 for Primary Schools, Rs. 10,000 for upper primary schools and up to Rs. 25,000 for secondary and senior secondary schools per annum. In addition, as per new norms of the scheme, an additional grant upto Rs. 25000 per school will be provided to schools in case at least 2 students of that school win the medal in Khelo India National school games competition.

3. In order to ensure proper utilization of sports grant, this Department had earlier circulated guidelines regarding sports and physical education component. Now, in view of the objective of NEP, 2020, this Department has revised the guidelines with alignment of Policy and inputs received from various stakeholders. The new revised guidelines have given special focus on daily sports activities, procurement of equipment, age appropriate games, Yoga, Indigenous games, infrastructure development, function of Sports committee and Physical Education Teachers etc.

4. The revised guidelines for Sports and Physical Education in Schools is enclosed. It is requested to ensure that these guidelines are implemented in schools under your jurisdiction to promote sports at various level.

With good wishes,

Yours sincerely,

(Archana Sharma Awasthi)

To,

The Additional Chief Secretary/Principal Secretary/Secretary (Education), of all States /
