Additionally, our NGO has won various international and national awards that stand testimony to our efforts.

The foundation has already carried out similar BITS projects in various government schools, due to which many children have been attending school regularly. The school management and faculty are delighted with the responses as admission have increased by more than 10%. Further, SCF's efforts to build sporting infrastructure has also attracted children from nearby communities to join the school. For the young trainees at the Sports Coaching Foundation (SCF), it was a great experience to have the recently-launched digital football pitching machine to be used in imparting basic skills.

SCF founder-secretary and former Andhra Ranji cricketer K. Sai Baba, who was also the second in India to have installed an electronic bowling machine (cricket) way back in the early 90s and organised flood-lit cricket at the local level in Telis cities, said that the objective was to ensure that young talent had a different feel during training sessions, thanks to the excitement with the new machine.

"The trainees will be fed depending on their needs.

For instance, if someone is aiming perfect headers, he will be fed accordingly from the machine at the desired speed," he said.

"Essentially, it should be more helpful for goalkeepers, as the direction of the ball at the designated speed can be controlled by making them live in anticipation and be better custodians under the bar," he added.

"We have been trying to adapt to the changing techniques, technology and demands to make sports training at our facility more exciting and challenging," said Sai Baba. "It is not just the SCF trainees who will be benefited. Hundreds of government school students and those from orphanages, where we regularly conduct coaching camps, are being helped," he said.

Bureaucrats ranging from the retired to those in service called for a concerted effort to ensure that the social responsibility clause in the Companies Act 2013 would be implemented in letter and spirit.

They hoped that a watchdog-like body would monitor the provision that entails earmarking a two per cent provision from the revenue generated for taking up Corporate Social Responsibility (CSR) programmes as has been recommended, and almost mandated, for all profit making companies.

The key-note address during a seminar on CSR and Indian Sports, under the auspices of Sports Coaching Foundation (SCF), was delivered in the city hall Monday by distinguished former bureaucrat R Rajamani, IAS who can be credited with pioneering the CSR concept during his stint in the Prime Minister's Office (PMO).

He said that it implemented in right earnest this would go a long way in addressing the basic needs, including in core segments like poverty alleviation, environment protection and bio-diversity, health and promotion of sports.

The gathering attracted the cream of officials, including from banks, academics, police and industry capitals.

Former bureaucrats V.K. Srivastava (IAS, Gupta Krishna) and Dr Chinnappa Reddy (former Sports Advisor to Govt., incumbent officers, Jayash Rajan (IAS), Renu Bopu (IAS) and S. Chakravarthy (IAS), former IPS Officer, MA Basith, current officers Rajeev Thiruvud and Soumya Mohan IPS and senior IAS officers Parvath Sarathi and P.N. Rao also spoke.

Dr Rajam, Director, NIFT Dr Sanku Professor at ORBIT, Gosh Majumdar from Big Bazaar Group, Aakash Bhambhani from JP Morgan Chase and former Indian football captain, Victor Amalraj, were also present on the occasion.

They lauded the painstaking efforts being taken by K. Balakrishna, founding Secretary of SCF, for taking forward the concept of promoting sports in the arenas and among the economically backward sections as a social service free of any monetary returns.

In his speech, Balakrishna hoped that Corporate Social Responsibility (CSR) would help to reach out to the poorer strata of the society where a rich sports talents are waiting to get tapped and promoted.
