REASONS WHY YOU SHOULD SMILE MORE

A SMILE IS ONE OF THE MOST SIMPLE, INEXPENSIVE AND WONDERFUL THINGS IN THE WORLD!

A smile can change the state of other people - walking into a room or up to the counter in a store with a smile on your face can make a difference. People will smile back at you and any social tension or awkwardness will melt away. Your interactions will be more open, relaxed and filled with fun and possibilities.

Smiling is a great way to make yourself stand out while helping our body to function better. Smiling helps the immune system to work better. When you smile, immune function improves because you are more relaxed. Smile will improve your health, your stress level and your attractiveness. Smiling is just one fun way to live longer.

WHY IT IS IMPORTANT TO PARTICIPATE IN SPORTS?

Education without sports is incomplete.

- Sport and physical education is fundamental to the early development of children.
- Did you know that India is the Diabetic Capital of the World? Note that, Involvement in Sports is the cheapest medicine.
- Sport inculcates values like **Truth, Discipline, Work Culture, Determination and Sportsman Spirit**, it will play a big role in building Character.
- Every Sport has a set of rules and every participant needs to be aware and work around those rules and accordingly communicate with one another. This increases the awareness level and confidence of the participant.
- Sport develops **Logical, Critical Thinking and Analytical skills** in you in the most practical manner.
- Sport is one field which builds **'Never Say Die Attitude'**. Such an attitude helps them to overcome obstacles in Life.
- Participation in Sports inculcates **Leadership and Self-Confidence**, which in turn helps you to think independently, question without fear - but with politeness.
- Involvement in Sports should be a way of life. Note that, a Healthy Nation is **without doubt a wealthy nation**.
- If every school in India is able to annually organize an exclusive sports day event, we can then positively hope to transform the sporting image of India from a sleeping giant to **"Vibrant Sporting Hub of the World"**.
- Let us hope India can host the biggest and colorful sporting event - **The Olympics**.

MAHATMA GANDHI A GREATEST VOLUNTEER

During his stint as a barrister in South Africa, Mahatma Gandhi discovered the power of football in uniting the masses. He set up clubs in Durban, Pretoria and Johannesburg and helped to bring people together in a counter shrouded in deep racial oppression.

DR. B.R. AMBEDKAR (DR. RAJENDRA PRASAD)
FORMER PRESIDENT OF INDIA

DO YOU HAVE 10 MINUTES FOR YOUR COUNTRY ? IF YES, THEN READ.

YOU say that our government is inefficient. YOU say that our laws are too old. YOU say that the municipality does not pick up the garbage. YOU say that the phones don't work, the railways are a joke, the airline is the worst, and mails never reach their destination. YOU say that our country has been fed to the dogs and is the absolute pits. YOU say and say, what do YOU do about it ?

We sit back wanting to be pampered and expect the government to do everything for us while our contribution is totally negative. We expect the government to clean up but we are not going to stop chucking garbage all over the place, nor are we going to stop to pick up a stray piece of paper and throw it in the bin. We expect the railways to provide clean bathrooms but we are not going to learn the proper use of bathrooms. We want Indian Airlines and Air-India to provide the best of food and toiletries but we are not going to stop pilfering at the least opportunity. Our excuse it's the whole system which has to change.

So who's going to change the system ? what does a system consist of ? Very conveniently for us it consists of our neighbours, other households, other cities, other communities and the government. But definitely not me and YOU. when it comes to us actually making a positive contribution to the system, we lock ourselves along with our families into a safe cocoon and look into the distance at countries far away and wait for a Mr. Clean to come along and work miracles for us with a majestic sweep of his hand.

Dear Indians, this disgust is highly thought provoking and calls for a great deal of introspection. It also pricks one's conscience, too.

I am reminding you of what John F. Kennedy exhorted to his countrymen "Ask not what your country can do for you. Ask what you can do for your country"

Govt. Shortlists 10 Key areas of CSR

New Delhi: The government has identified 10 major areas including education, gender equality, environment, national heritage and the Prime minister Relief fund where India Inc can spend to claim credit for the mandatory 2% Corporate Social Responsibility (CSR) expenditure.

Under the new Companies Act, mid and large companies have to spend 2% of their three year annual average net profit on CSR activities. The government expects a significant step up in spending on CSR projects by companies.

The activities which can be included by companies in their CSR policies include: eradicating hunger, poverty, malnutrition and promoting preventive healthcare, promoting sanitation and availability of safe drinking water, promoting education, promoting gender equality, ensuring environmental sustainability, protection of national heritage.

Those spending for the benefit of armed forces veterans, war widows and their depend

The activities which can be included by companies in their CSR policies include: eradicating hunger, poverty, malnutrition and promoting preventive healthcare, promoting sanitation and availability of safe drinking water, promoting education, promoting gender equality, ensuring environmental sustainability, protection of national heritage.

ents would be eligible to cover the expenses under CSR spending rules. Under gender equality activities related to empowering women, setting up homes and hostels for women and orphans, setting up old age homes, day care centres and similar facilities for senior citizens and projects on reducing inequalities faced by socially and economically

backward groups have been included.

Spending on training to promote rural and nationally recognised para olympic and olympic sports would also qualify for credit under the CSR rules.

Rural development projects and contributions or funds to technology incubators located within academic institutions and approved by the government would also be approved under this category. Protection of national heritage would include art and culture including restoration of building and sites of historical importance and works of art, setting up of public libraries, promotion and development of traditional arts and handicrafts.

Officials said they expect the rules to be notified soon, may be within a few days, after the law ministry approves the list. The rules were finalised after the corporate affairs ministry examined over one lakh suggestions from various stakeholders. While the rules do not elaborate on the sub categories under rural development projects, officials said they expect several projects to be covered under the category for CSR spending.

Spending on training to promote rural and nationally recognised para olympic and olympic sports would also qualify for credit under the CSR rules.

- Distributing free sports coaching manuals that provides teachings beyond sports.

- **Enhancing development:** To achieve the dual objective of :

- Increasing quality participation of Indian sportsmen
- Reduce the likelihood of lifestyle diseases and their consequent medical burden on government and citizens
- **Removing the affordability barrier:** With funding from CSR activities, grants and partnerships to provide free or low-cost sports infrastructure and reduce burden in the underprivileged society.
- **Building values:** Help create an active sports life and also build values such as team spirit, perseverance, respect, and work culture.
- **Awareness of right and wrong:** Providing overall personality development and awareness of criminality, the importance of education, etc.

Sustainability

In the last 30 years, SCF has strived to create a strong foundation with various exemplary projects. The foundation has completed more than 300 government schools and orphanage homes with countless inspirational stories. Additionally, our NGO has won various international and national awards that stand testimony to our efforts.

The foundation has already carried out similar BITS projects in various government schools, due to which many children have been attending school regularly. The school management and faculty are delighted with the responses as admission has increased by more than 10%. Further, SCF's efforts to build sporting infrastructure has also attracted children from nearby communities to join the school. By transforming the lives of the children in marginalised communities, the BITS project has been highly impactful and will continue to strive to do so.
