K. Saibaba,
President of India Awardee
[In Social Change - 2015]

Greetings from K. Saibaba, Sports Coaching Foundation (SCF), Hyderabad!

The year 2016 was indeed a great year for SCF as it remained fully committed to empowering/serving the underprivileged masses in India through its 'Build India Through Sports (BITS) Project' by voluntarily conducting Sports Awareness Clinics, Developing Sports Infrastructure (at grass-root level) and Donating Sports Equipment at Low-income Institutions (Govt. Schools, Municipal Schools, Orphanage Homes, etc.) in rural/urban areas all over India. Through BITS Project so far, SCF has touched and empowered the lives of over 40,000 underprivileged children & youth all over India – directly challenging Social Issues like Poverty, Illiteracy, Gender Inequality, Discrimination, etc. Through Sport, SCF has worked towards Social Change promoting Health, Sportsman Spirit, Social Inclusion, Conflict Resolution and has worked towards Overall Personality Development in children & youth. However, even after 25 years of selfless service through Sports, we are still faced with financial challenges to sustain our BITS Project. We need Partners to sustain our Scalable and Replicable 'BITS PROJECT'.

In retrospect, the year 2016 has indeed been a milestone year for SCF, one which recently saw SCF (for its BITS Project) being ranked among the 'Top 3 Sports NGOs in the World' by the "Peace & Sport Forum" in Monaco, Europe, a forum fully endorsed by the Special Advisor to UN (Sports for Development & Peace) in December 2016. This International Forum - which handed SCF this prestigious nomination - featured eminent World leaders & Ambassadors, UN delegates, Noble Peace Laureates, over 30 Legendary Olympians & 500 World Delegates. This Forum based in Europe recognized the contributions of Social Change Icons of India - Mahatma Gandhi and Mother Teresa among several others. A link to the Awards ceremony is available on Page 4 of this Newsletter.

Please note that SCF was also the 'Most Awarded Sports NGO in India in 2015-16' for its BITS Project receiving a record of SIX National Level Prestigious Awards including the 'Best Sports NGO Award – 2015' from the President of India – Shri. Pranab Mukherjee.

I take this great opportunity to welcome you into the New Year-2017, a year which gives each of us an opportunity to be counted in improving/empowering the society and standing up to make a difference. I keenly look forward to your active involvement in the 'BUILD INDIA THROUGH SPORTS (BITS) PROJECT' of SCF, a lifetime opportunity to serve the underprivileged children & youth in India through something as innovative and enjoyable as Sport and in developing a Healthy and Prosperous India. In course of time, your efforts and involvement will go a long way in transforming India into a 'Vibrant Sporting Hub of the World'.

Please Partner with us in bringing about Massive transformation and Social Change in the society through "Sports". Please refer us to like minded partners.

Mr. Kammela SAI BABA

Sports Coaching Foundation

Dear Mr. SAI BABA,

I would like to thank you for your participation and attendance at the 9th edition of the Peace and Sport International Forum, held in the Principality of Monaco from 23-25 November 2016 under the High Patronage of H.S.H. Prince Albert II of Monaco. Your presence has been highly appreciated as it served as guidance to all stakeholders involved in the peace through sport movement.

With its theme *#GameonforPeace: mobilizing global change through sport* the Forum highlighted concrete initiatives and high-impact recommendations to put sport at the service of global peace. It gave me great pride to see the growing reach of our actions among athletes, international organizations, NGO's, academics, sports authorities and leading policy-makers from around the world.

The 600 participants present at the Forum, representing more than 70 countries, actively contributed to establishing the peace through sport cause as a global, legitimate and respected movement. About 450 of us took part of the Opening Ceremony, starting into the streets of Monaco with the Peace Walk, and then continuing with the Opening speeches and the Opening dinner. The photograph capturing delegates holding up their White Cards demonstrates our will to see this momentum continue throughout the year.

The Peace and Sport Awards 2016 brought attention to many inspiring projects and I have the pleasure to send you enclosed a certificate congratulating you and the Sports Coaching Foundation on being shortlisted as a nominee in the NGO of the Year category. The Jury highly praised the project you submitted and it was a very difficult choice to select winners as the applications were of an excellent calibre. I am heartened to learn of initiatives such as your own, which provide inspiration to other actors in the domain of peace through sport. I encourage you to continue your impressive activities in the future, and I warmly invite you to apply again next year for the Peace and Sport Awards 2017.

The next important date for the peace through sport movement will be on April 6, 2017, marking the fourth edition of the International Day of Sport for Development and Peace. We invite you to mobilize, join forces and bring to light projects and events related to peace and development through sport, which we will share on our website www.april6.org/en/.

I very much hope to welcome you back to Monaco for the special occasion of the 10th Peace and Sport International Forum, which will take place from 6-8 December 2017. I would like to take this opportunity to thank you once again for joining us for this year's edition. Together, we can mobilize global change through sport for the benefit of all.

Yours sincerely,

Giving under-privileged children quality training in sports is the underlying philosophy of Sports Coaching Foundation (SCF), NGO by the former banker Kammela Saibaba

A sporty leg up to those less privileged

Nikisha Uddagiri

Children as young as 10 take turns playing hoops as Saibaba watches at the SCF in Masab Tank. For the former Andhra Ranji cricketer, the satisfaction he gets from being able to provide free facilities to these children is incomparable.

Having nurtured an interest in promoting a healthy lifestyle through sports, Saibaba left his comfy job as a banker to pursue his passion. Started in 1991, the SCF is the first of its kind in the city which gives free training in various disciplines to anyone with a zest to learn. "I was working as a banker when I heard that the government was offering some land to be used for a good cause. So I applied and after listening to my proposal, the government allotted the land to me," recalls Saibaba.

Quiz him if his family was supportive of his decision to quit his job? He says, "Convincing my family was easy as they all came from a sporting background. My son Sunil runs a sports consultancy which advises the IPL team Sunrisers Hyderabad and my wife is a sport administrator in the Government College for Women, Begumpet."

His foundation offers training in cricket, football, tennis, volleyball, basketball, kho-kho, kabaddi, swimming, etc. Currently, over 30,000 underprivileged children received training, out of which three have

Apart from training under-privileged children, he also helps schools in creating infrastructure for sports

made it to the Nationals—cricketer Archana Das and football players Mohd Tariq and Simarpreet Singh.

"We have 45 employees working here, out of which 30 are coaches. There are a few coaches from Africa who use the facilities as well," adds Saibaba.

The funding comes from private donations, where 15 per cent of funds are collected as fees from the affluent students while the rest comes from the central government and private organisations.

Apart from training under-privileged children, Saibaba also helps schools in creating infrastructure for sports and donates sporting equipment. "We have also launched a Project 'Build India Through Sports' to

spread awareness in government schools, orphanages and slum areas," says Saibaba who received the prestigious award, Rashtriya Khel Protsahan Puruskar in 2015 from President Pranab Mukherjee.

His NGO has also found mention abroad in the list of top four NGOs in India by the renowned Rockefeller Foundation in USA and AmeriCares India. Ask him what he plans to do in future, and he replies, "I'm happy with the way the NGO has shaped up, and I hope more people come forward and join the endeavour."

Saibaba's only aim in life is to promote health through sports for the less privileged children of the society. (Sports Coaching Foundation can be contacted at 9396559440)
