Sports Coaching Foundation (SCF) recently fully upgraded its Complimentary Coaching Booklets, which teach children Beyond Sports... into the realm of Human Values and Character. Check out Page No. 2 of this book, which circulates such a beautiful and life-changing message..

REASONS WHY YOU SHOULD SMILE MORE

A smile is one of the most simple, inexpensive and wonderful things in the world!

A smile can change the state of other people - walking into a room or up to the counter in a store with a smile on your face can make a difference. People will smile back at you and any social tension or awkwardness will melt away. Your interactions will be more open, relaxed and filled with fun and possibilities.

Smiling is a great way to make yourself stand out while helping our body to function better. Smiling helps the immune system to work better. When you smile, immune function improves because you are more relaxed. Smile will improve your health, your stress level and your attractiveness. Smiling is just one fun way to live longer.

Smiling helps to prevent us from looking tired, worn down, and overwhelmed. When you are stressed, take time to put on a smile. The stress factor will be reduced and you will be able to take better action.

Intl Social Impact honour for SCF

OUR BUREAU

Hyderabad: Multiple award winning Sports NGO, the city-based Sports Coaching Foundation (SCF) added another global feather to its cap with a coveted honour coming its way.

In what comes as a major recognition for its work to make the life of the less and underprivileged lot, more meaningful, the Foundation has been conferred with the International Social Impact Award-2017 in the 'Outstanding Volunteer Category' at Bangkok.

The award has been instituted jointly by Resource Alliance (London) and Rockefeller Foundation (USA).

Beaming with delight on his return from Thailand after receiving the award, SCF founder-Secretary K Saibaba told reporters here on Saturday that this recognition added to their responsibility, which they would, nonetheless, take up with equal dedication.

He said it was matter of immense satisfaction that the func-

tion was graced by senior officials from UNO, who appreciated the work they, and those others who were in contention for the award, were rendering as a societal re-

sponsibility.

Speaking on the occasion, P. Muralikrishna, Additional Commissioner of Police (Admin), praised Saibaba for taking up

such a noble task and helping the cause of the downtrodden. He appealed to likeminded people to pursue such initiatives so that the economically deprived classes could afford a smile or two.

Saibaba urged philanthropists to come on board as partners to the SCF initiative 'Build India through Sports' in order to tap talent at the grass-root level and those in the interiors who were denied any such platforms.

City-based NGO Sports Coaching Foundation (SCF), which is working towards the better society in schools and for underprivileged children through its sports initiative Build India Through Sports (BITS), got the international award constituted by The Rockefeller Foundation in association with The Resource Alliance and IFC in the 'International Social Impact Award' category.

The founder secretary K Saibaba received the award at a function in Bangkok recently.

Speaking about the award, Saibaba said that the award is the result of the hard work they put in over the years. "Our main motto is to see a better society. Sport is the cheapest medicine for all. We took this BITS initiative to all schools across the country. So far, we have reached over a lakh students, especially in government schools, through the programme. We collaborate and provide infrastructure at the school and encourage teachers to pro-

mote sports," he added. The SCF will conduct minimum 30 free entry tournaments at its premises in Masab Tank every year.

"The tournaments will be conducted for the underprivileged children and schools in cricket, tennis, basketball, football and volleyball. India has a great potential and what we need is infrastructure and awareness," he added.

Saibaba also asked the corporates to become a part of the movement through Corporate Social Responsibility activities. "We need lot of infrastructure. There are many schools without a ground," he said, adding the SCF works with schools and recycle the infrastructure available to make it usable.

The NGOs across the globe competed for the top honours in the category and three NGOs - SCF, Philanthrope from Pakistan and Udayan Care from India - were in the fray. This is the first international award for the SCF while it got eight national awards. Hyderabad City Police additional commissioner T. Murali Krishna felicitated Saibaba for winning the award.
