SWACHH BHARAT ABHIYAN

Clean India Mission - The need of the hour today

If India manages to stay clean and maintains its tourist destinations well, it will bring more tourists to India and profitable foreign exchange projects will increase in the country. This in-turn will increase our revenue.

Without proper hygiene and sanitation, India is sitting on a volcano, which can erupt anytime into a plethora of vulnerable diseases,  which can uncontrollably and adversely affect several thousands of people in India. In such circumstances, it will be impossible to reverse the volatile situation and no one will be able to save the country from the health hazards and losses that will loom over us. So, let each of us realize the criticality of the situation and proactively join the Swachh Bharat (Clean India) campaign to save our country from all the impending dangers of poor hygiene and sanitation.
