## **SNAPSHOT OF THIS NEWSLETTER (APRIL-2015)**

SCF is the only NGO in Sports and Character Building, helping Build India Through Sports (since 1991). Please note that through its ingenious 'BUILD INDIA THROUGH SPORTS' (BITS) Project, SCF has already reached out to 25,000 less-privileged children (in over 50 Low-Income Institutions), where a substantial percentage of children have had no exposure to Sports of any kind, ever before in their life. Even with its limited resources, SCF donated sporting equipment and created basic infrastructure in these schools to promote sports like Cricket, Football, Tennis, Volleyball, Basketball, Kho-Kho and Kabaddi. This project involves educating children (Girls and Boys) about Sports & Sporting Achievements, to inspire them to chance their talent and hone their skills in Sporting disciplines of their interest, through dedication and practice. The primary focus is on personality development through Sports.

OUR BUREAU

Members from the Masab Tank-based Sports Coaching Foundation (SCF) in continuation of its Build India initiative visited four schools in the past fortnight.

The scheme, evolved by its founder-secretary and former Ranji cricketer, K Saibaba, is aimed at spreading a sports culture and inculcating sportsman spirit by reaching out to children from poorer families studying in government schools and institutions charging nominal fees.

As part of the exercise, accompanied by coaches from the Foundation and former Ranji player, Dr Abdul Hai, Saibaba conducted coaching classes-cum-clinics for students in the Government schools near Golconda fort and at Patigadda. They also visited Noble School at Nanal Nagar and Wisdom Global Concept School at Toli Chowki.

They exhorted the children and also teachers to stay focussed both on studies and cricket so that they could become better citizens. They also stressed the importance of physical well-being.

Apart from giving away token prizes to the better talents, they felicitated the teachers on the occasion.
