The Sports Coaching Foundation is voluntarily providing sports equipment as part of its ongoing initiative "Build India Through Sports". As you may know, the well-known Sports Stadium in Masab Tank was primarily constructed using scrap materials at an optimal cost. Even the sports equipment, such Ground Roller, Volleyball, Basketball, Kho-Kho, and Tennikoit Poles, were crafted by SCF from unused scrap—a truly unique effort. Physical Directors from various Govt Schools are actively fostering sports culture in which hundreds of deprived children are benefited. In the picture dome of the PT Instructors are seen receiving sports supplies from SCF.

# Happy Children's Day 2024

The Sports Coaching Foundation, as part of its flagship initiative "Build India Through Sports," successfully upgraded three of the most underprivileged Govt Schools on the occasion of Children's Day 2024.

Hundreds of students enthusiastically participated in various sports competitions and won prizes at Govt High School First Lancer, Govt High School Majeedia, and Govt Girls High School Bolarum.

SCF has transformed over 370 Govt Schools and Orphanage Homes, providing deprived children with basic sports facilities that have significantly impacted their lives and fostered a culture of regular physical activity.
